

TIP 4:

**KEEP
CALM
and
NO
STRESS**

Be a good guest.

Your host family doesn't get money from you for your stay.

So please make you and your host family a stress-free week.

No go!

Don't exploit your host family!

They are NOT your servants!

**How to be
a good
guest
at an
international
Comenius
meeting**

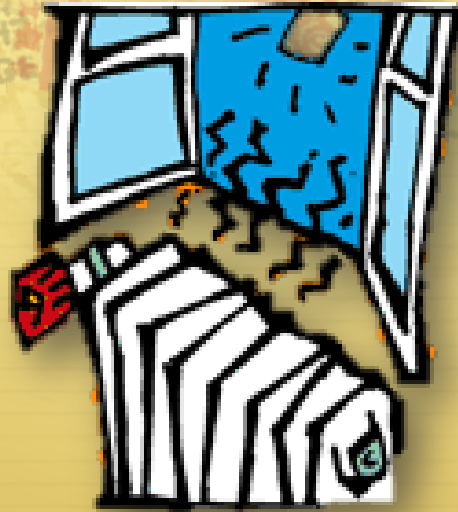

TIP 1:

Take a present for your host family with you.

Your best bet would be to bring a small present from Hannover.

TIP 2:

Don't waste energy!

Especially on a Comenius meeting.

When the windows are open please switch off the heating.

Your host family doesn't want to pay for energy you don't need.

TIP 3:

Stick to the programme.

Although you are in another country, you're not on holidays.

It's not okay to relax only. You are at a Comenius meeting so please introduce your ideas for sustainability.
